

UTOPIA SCHEME SCRITINIZED BY BRAZIL AND U. S.

Order of Right Fellows Is Asked
to Explain Plan to Banish
Poverty.

Thousands of discontented souls seeking the Utopia of their dreams, who have become interested in the Order of Right Fellows, a recently organized society which plans to establish a Utopia in a remote section of Brazil, doubtless will be curious to know that certain diplomatic and consular representatives of the Brazilian government, and inspectors of the Postoffice Department, both here and in New York, are also interested in this great plan.

The headquarters of the new society are in New York, and as the Postoffice Department and the Brazilian government both are leaving the investigation to their representatives in that city, little is officially known in Washington of the new order. Both the embassy and the department admit, however, that they are following developments with interest.

Much Interest Shown.

Dispatches from New York, say that Inspector-in-Chief Warren W. Dickson, in that city, is deeply interested, that the new society has been invited to send a representative to see him. The consular general of Brazil in New York, Jacinto Pereira da Cunha, also wishes to confer with officers of the society that he may be able to give evidence of the deeds and grants made by his government to the society, of which he is yet ignorant. Exact knowledge, will, he says, enable him to answer many inquiries. The embassy of the Brazilian government in Washington, also has been left in ignorance of any grant made to Americans by the Brazilian government. It is possible says J. de Oliveira Murilo, first secretary, that a grant has been made to Americans under the colony and grant laws, but it hardly would be done without the knowledge of the embassy.

New York dispatches further explain that Inspector Dickson and Consul Cunha have made no charges against the organization, but are merely curious to learn the plans of the order, which include the payment of a \$10 initiation fee and then \$100 in monthly installments by every person who becomes a member.

Use of the Mails.

Inspector Dickson's chief interest in the case, it is said, lies in the use of the mails for the collection of subscriptions to the fund with which the wonderful dream city of Nueva Esperanza (new hope) is to be erected on the banks of the Rio de Janeiro. The consular general wants to know, it is said, how it happens that his government should have made the grant of 24,000 acres claimed by the officers of the order, without his knowing anything about it, being customary for governments to acquit their foreign representatives in such matters.

Officers say that their plan is legitimate, and one of the most beautiful and praiseworthy projects ever intended to uplift long suffering humanity. Also, they say they have not yet taken in any initiation fees or installments. They propose to "abolish involuntary poverty, double or treble your earnings, and give pensions for life."

Lectures on Authors In Yiddish Tongue

A critical analysis of the writings of the great Russian authors, Dostoyevsky and Tolstoy, was given by Sholem Schloven in a lecture under the auspices of the Jewish Kulturverein, at Flynn's Hall, yesterday. The lecture was delivered in the Yiddish language. A talk on the "Modern Drama," was given by William L. Dembrowsky.

Banker Delays Quiz by Committee

Proposed examination today of John B. Morgan, Chicago millionaire banker, before the Glass committee, considering currency reform, was postponed until later this week at Mr. Morgan's request.

Army and Navy

ARMY.

The resignation of First Lieutenant ROBERT G. LEONTE, Medical Reserve Corps, accepted by the President.

The resignation of First Lieutenant JOHN A. TOMKINS, Medical Reserve Corps, accepted by the President.

NAVY.

Lieutenant (junior grade) W. F. NEWTON, detached Arkansas, to post graduate course, Naval Academy.

Ensign M. A. MITCHELL, detached Vicksburg, to Annapolis.

Ensign H. B. GILBERT, detached Annapolis, continue treatment Naval Hospital, Mare Island, Cal.

Ensign E. W. JONES, placed on the retired list of officers January 15, 1913, physical disability incurred in line of duty; to home.

Paymaster E. C. TOBEY, detached Maryland, to home, wait orders.

Paymaster C. J. CLEBORN, detached navy yard, Norfolk, Va.; to Naval Station, Olongapo, P. I.

Paymaster J. R. HORNBERGER, detached navy yard, Mare Island, Cal.; to Maryland.

MOVEMENTS OF VESSELS.

Arrived—San Francisco, Jarvis, Joutt, Fanning, Patterson, Vermont, Mitchell, South Carolina, Ammen, Trippe, Burrows, Sterling, at Guantanamo; Petrel, at San Domingo City; Cyclops, at Guacanayabo Bay.

Left—Hercules, from Norfolk for Washington; Nashville, from Santo Domingo City for Guantanamo; Henley, from Guantanamo for Cristobal; Solado, from Guantanamo for Guacanayabo Bay; Nero, from Tiburon for Puget sound; Wheeling, from Key West for Tampa; Sterling, from Guantanamo for Hampton Roads; Whipple, Truxton, Preble, Stewart, Paul Jones, from San Diego for Santa Barbara.

ALEXANDRIA PLANS CHANGE IN COUNCIL

Ordinance for Reapportionment in Accordance With New Population Figures to Come Up January 28—Other News From River Town.

WASHINGTON TIMES BUREAU,
ALEXANDRIA, VA., JAN. 20.

The city council of Alexandria will be called upon at the next meeting, January 28, to consider an ordinance fixing the number of members of council and reapportionment according to the population in each ward. Council is required to take this action under section 1015 B of the code of Virginia, which provided that members of council shall be reapportioned in the year 1910 and every ten years afterward. Authority is given under the law to have a special census made of the city to find the number of inhabitants in each ward, or the last United States census may be used.

In view of the disagreement between the two boards of council and the split in the lower board between two factions, many residents of the city are in favor of reducing the number of members of council by one-half. It is claimed the body will be less unwieldy and that the business of the city will be better taken care of by a smaller number of men, who would be able to arrive at decisions more quickly and satisfactorily. The present council consists of sixteen members of the lower board and eight members of the board of aldermen.

The birthday of Gen. Robert E. Lee was very quietly observed today. The banks closed for the day, and this afternoon a number of the business houses

discontinued business in honor of the day.

The raid of the second police game within a week, an unusual record for the Alexandria police department, which several years ago drove out all the operators of the "little lottery" from the city limits, was made yesterday, and this morning Fred Jones was brought before Police Justice Caton charged with gambling. Jones was the whole concern, according to the police, and not only operated the game in Alexandria, but was his own runner, selling the tickets in Washington. A large number of freshly printed tickets were found in his possession together with a quantity of small change which he had collected. The police say the game operated by Jones was a "piker" game, the tickets being sold to the very poorest classes for 5 cents each. Justice Caton imposed a fine of \$20.

In the corporation court this morning a final decree of divorce was granted Cecilia Speaks Dade from Casey Dade on the ground of desertion.

William E. Grady, sixty-five years old, for many years a member of the police force of Alexandria, died last night at the Alexandria Hospital, where he had been a patient for three weeks. Since his retirement from the police force he had been connected with the street department.

John Bryant, a trusty at the city jail made his escape from that institution yesterday, but after enjoying a day's liberty walked into the police station this morning and gave himself up.

Husband of Elopers To Take Second Wife

SAYVILLE, L. I., Jan. 20.—Announcement of the engagement of Miss Elizabeth Wood, daughter of Mr. and Mrs. Joseph Wood, well-to-do residents of this place, to Walter L. Suddam, Jr., of Blue Point.

The announcement was made by Miss Wood's father, who said that the engagement was pleasing to both families, and that the wedding would take place in the spring.

Suddam's pretty young wife, Mrs. Louise White Suddam, eloped with Frederick Noble, plumber's assistant, in the fall of 1911, and started the country with her frank, unconventional views on love and marriage.

They went to New York and lived at the Hotel Apartments, in West Twelfth street. Young Suddam took the matter coolly, and said he wished his wife happiness. He obtained a divorce in order that she might marry Noble, and on January 3, 1912, Noble and Mrs. Suddam were married.

Little more than a month later, on February 19, the pair were found dead from gas poisoning in the kitchen of their apartment. Disillusionment had been swift, and while everything pointed to suicide, they left no word of explanation.

Young Suddam, soon recovered from the tragedy that had come into his life, and became a member of the Young Men's Christian Association building for its monthly meeting.

Mrs. W. Murray Crane will preside. The subject for discussion will be "Dancing as a Means of Recreation." The question will be considered from several sides and various discussions will be held.

Mrs. Charles H. Israel, a prominent social worker of New York, will deliver an address on the subject, with which she is very familiar. Edgar S. Martin, supervisor of playgrounds in the District of Columbia, will discuss the question from a playground standpoint. Miss Elizabeth Brown, of the Associated Charities, and Miss S. A. Wilson, of the Friends' School, will also discuss the question.

Monday Evening Club Will Discuss Dancing

The Monday Evening Club, an organization of social workers and their supporters, will gather tonight at 8 o'clock in the Young Men's Christian Association building for its monthly meeting.

Filipino Independence Matter of Long Wait

Difficulties in the way of the early independence of the Philippines are springing up steadily. Opposition is being organized and it is becoming a serious question whether the Jones bill can pass the Senate.

Indications now are there are no action in the extra session and no attempt to pass the bill or one akin to it, until the regular session a year hence. The Democratic leaders have concluded not to try it in this Congress, as it is considered a waste of effort. The delay will be a keen disappointment to the Filipinos who have hoped for action in the extra session.

Saulsbury's Election To the Senate Assured

Election of National Committeeman Willard Saulsbury, of Delaware, to the prominent Democratic leaders in the recent campaign, is assured. This means the addition of another member to the Democratic side of the Senate.

Saulsbury's election, to succeed Senator Richardson, Republican, has been generally expected, and it is assured by the withdrawal from the race of former Congressman Levin Irving Handy.

An independent newspaper, the Wilmington Star, intimates that William H. Stayton, a lawyer, distributed in Kent county on the eve of election \$2,500 in the interest of Saulsbury.

Government May Open Printshop in West

A plan to establish a branch of the Government Printing Office in some Western city will be considered by the Democratic Administration, according to gossip in Congress circles.

It is asserted a vast sum could be saved the Government in transportation of documents if this plan were carried out. Believers in the plan deem it the more important because the demand for Government literature is constantly growing.

OFFICIALS DENY BLAME FOR ERROR ON CANAL STAMPS

Postoffice Heads Say Clerk
Mixed Pictures of Locks and
Spoiled 23,000,000 Stickers.

Official denial was made at the Postoffice Department today that any official of that department was responsible for the erroneous label on 23,000,000 Panama Canal stamps for the San Francisco Exposition, that caused the destruction of these stamps.

The mistake, it was declared, was made by the Isthmian Canal Commission, which mixed the Gatun and the Pedro Miguel locks pictures, thereby causing the Pedro Miguel locks to be labeled Gatun locks.

This statement was corroborated in substance by Director Ralph of the Bureau of Engraving and Printing.

"It is a long story," he said, "but I can assure you that there was no one to blame but an employee of the Insular Bureau or the Isthmian Canal Commission who caused the confusion."

When a design for the stamps was being considered, we sought something symbolic of the Panama Canal as the position was to commemorate the opening of that waterway. The Culbreth cut could not be successful, and we obtained a blue-print of the Gatun locks that gave good effect.

Consequently we asked for a photograph to be sent to photograph these locks. The man who had them in charge explained that the model was not of Gatun, but the Pedro Miguel locks. The only difference he said is that the Pedro Miguel locks have one more gate. "I will put that in, and the model will be all right." This was done. The design was made and passed by the Postoffice Department. The engraving was made and also passed and printing was done. When the Postmaster General ordered the stamps held, and those done destroyed.

Divorce Forced on Him.

NEW YORK, Jan. 20.—Harry J. Simon, suing for divorce, alleged that a gang of "rough" men threatened him with death unless he gave his wife ground for divorce.

GUANTANAMO BASE TO BE PROTECTED WITH HEAVY GUNS

Army and Navy Board Leaves
on Mayflower to Devise De-
fense Plans.

The Mayflower, the President's yacht, left the Washington Navy Yard shortly after 10 o'clock today with a party of army and navy officers on board who will visit Guantanamo bay, Cuba, for the purpose of devising plans for the land defenses of the naval base there.

The party comprised Maj. Gen. W. W. Wotherspoon, who went in place of Maj. Gen. Leonard Wood, chief of staff; Brig. Gen. William A. Crozier, president of the Army War College; Col. Ed Burr, Col. E. E. Winslow, from Cuba to Panama; Major William Chamberlain, and Capt. Charles E. Kilbourne, Captain Shoemaker and Rear Admiral Hugo Osterhaus represent the navy.

Powerful Fortress Planned.

The defenses proposed at Guantanamo bay will be the basis of the strongest fortress of the United States in the Atlantic. The armament will be of the heaviest. Fourteen-inch guns will probably be mounted on the protecting walls will be massive.

Until, through the State Department, the defenses were proposed, the base was acquired to a land attack from the rear. The range of the guns will not only protect the base from a rear attack by land, but will afford protection to ships in the bay.

Is Valuable Base.

Guantanamo Bay is regarded as the most valuable base the United States could have for the protection of the Panama Canal. The torpedo base will be at Key West, while the slower but more powerful vessels, battleships and cruisers, will be maintained at Guantanamo. Any power menacing the Panama Canal must first rid itself of the danger of attack from this powerful base.

The cost of the defenses will run into the millions, but as the defenses will be built slowly, a series of relatively small appropriations will be required.

REV. ABRAM SIMON TELLS OF IDEALS IN PRECOUNCIL TALK

Council, Holding First Session
Today, to Be Attended by
Many Hebrews.

The pre-convention sermon of the twenty-third biennial council of the Union of American Hebrew Congregations, embracing 300 of the principal Hebrew congregations of the United States, which opens its sessions this afternoon, was delivered last night by the Rev. Abram Simon, of this city, who, with Julius Peyer and Simon Wolf, will represent Washington in the council. Dr. Simon preached on "The Ideal of God and Modern Culture."

The council will be in session until Thursday, with meetings every day. One of the features of the week will be the dedication of a new group of buildings of the Hebrew Union College, Wednesday afternoon. The union supports a college for the education of ministers, a department of synagogue and school extension, and a board of delegates on the civil and religious rights of Hebrews.

The convention this afternoon will be attended by the most prominent members of the faith in the United States, among whom are:

Judge Julian W. Mack, of Chicago, Ill., member of the United States Commerce Court; Judge Warley Platts, of New York City; Simon W. Rosendale, of Albany, N. Y.; Martin A. Marks, philanthropist, of Cleveland, Ohio; Joseph Schenck, of Columbus, Ohio, and Israel Cohen, of Chicago, Ill., members of the board of managers of synagogues and school extension; Julius Kahn, of San Francisco, Cal.; Adolf Kraus, of Chicago, Ill.; president of the International Jewish Fraternal Order, I. O. E. B.; Joseph B. Greenhut, merchant prince of New York City; Judge Philip Stein, of Chicago, Ill.; David Leventritt, New York City; Jacob Brenner, Brooklyn, N. Y.

Virgin Works Miracle.

BRAZILERS, France, Jan. 20.—A cemetery sexton's wife cleaned a figure of the Virgin with her apron and when accidentally she touched a paralytic child with the apron the child was cured.

OLCOTT WILL SING TO AID HOSPITAL

Northern Dispensary to Get Re-
ceipts of Two Performances
in Columbia Theater.

The annual benefit performance for the Northern Dispensary Hospital will be held tonight in the Columbia Theater, with Chauncey Olcott playing in "The Isle of Dreams." The hospital will receive benefit from the tickets sold for tomorrow also.

Every year the management of the Columbia Theater sells the house to the board of managers of the hospital for a percentage of the usual cost, and they, in turn, sell tickets at the usual rate, using the profit from the sale for the support of the hospital. This year the friends of the hospital have responded with more liberality than ever before, and the house was sold out.

Mrs. F. Potts Wilson is chairman of the committee in charge of selling tickets, and has as her assistants Mrs. E. W. Dutton, Mrs. E. S. Henry, Mrs. J. De R. Gardner, Mrs. James S. Esch, Mrs. Alanson D. Gaston, Mrs. W. M. Hasbrouck, Mrs. A. M. Butts, Mrs. T. B. Jewell, Mrs. Lewis J. Battle, and Mrs. W. F. D. Herron.

Health Restored By Eckman's Alternative

Valuable Remedy for Throat & Lungs

If you are a sufferer from Glandular Tuberculosis, or know of anyone so afflicted, it might be well to investigate this case, where the writer declares, after a year of suffering, he found permanent relief and full recovery to health by using Eckman's Alternative, a medicine which has been effective in many cases of Tuberculosis.

"Gentlemen:—In March, 1909, I was taken sick and my doctor pronounced my case Tuberculosis in the Glands. Medical treatment did not help me, and on my doctor's advice, I went to a hospital to be operated upon, but relief was only temporary. I lost strength and at times would have cold sweats and fever. In April, 1910, I returned to the hospital, but the continued operations were not benefiting me.

"In the meantime, a friend of mine advised Eckman's Alternative, saying it was good for Tuberculosis. The words in my mind were still open and in a trifling condition, I started to take it. After using two bottles, I found was improving, having gained weight, could eat and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine I had three hemorrhages; since I have been taking it, I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I can highly recommend Eckman's Alternative to anyone who is suffering from Tuberculosis or gland troubles, providing they take it as directed. I will gladly correspond with any party desiring further information of what the medicine did for me."

"In the meantime, a friend of mine advised Eckman's Alternative is effective in bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by O'Donnell's and other leading druggists. Ask for booklet telling of recoveries and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence.

Will You Help?

The Associated Charities and Citizens' Relief Association appeal for the generous aid of the people of Washington. The societies are dependent upon voluntary contributions and are greatly in need of funds. They require \$28,000.00 to meet their responsibilities to the poor of Washington. Their work is city-wide, knowing neither race nor creed. They can only do what their contributors make possible.

The unseasonable weather has brought much sickness in its train. Illness, old age, widowhood, inability to work, the high cost of living, each has its victims, winter and summer, in season and out. It is such sufferers, 12,000 of them last year, that the societies befriend.

Is this work worth while? If you think so will you now send a contribution today?

Associated Charities: CORCORAN THOM, President. JOHN JOY EDSON, Treasurer. Citizens' Relief Association: MICHAEL J. WELER, President. WILLIAM J. FLATHER, Treasurer.

MILTON E. AILES, Chairman. HOWARD S. REESIDE, Treasurer. Joint Finance Committee, 923 H Street N. W.

Have Those Teeth Treated

And save yourself a great deal of pain and expense. The longer you let it run before you treat your decayed teeth the greater will be the final dental bill. I can make your teeth sound and strong without causing you any pain, and you can pay at your convenience.

PLATT ADAMS
Platt Adams, winner of the standing high jump at the Olympic Games in Stockholm last July, says:

"When I want to smoke, I want Tuxedo—always. A corking good nerve-steadener. I advise it for all jumpers."

Not Adams

MARTIN SHERIDAN
Martin Sheridan, winner of the discus event at the Olympic Games of 1904, 1905 and 1906, and all-around athlete of note, says:

"Tuxedo is a strong card with me. I advise all athletes to stick to Tuxedo. It is the one tobacco that will help them, keep them in trim, prevent them from going 'stale'. Tuxedo leads—bar none."

Not Sheridan

J. I. WENDELL
J. I. Wendell, who was second in the 120 meter high hurdles at the Olympic Games last summer, says:

"Tuxedo is my choice. I smoke it in preference to all other tobaccos, because it's a mild, cool smoke, and can't hurt my wind."

Not Wendell

Our Leading Athletes

Join with other famous Americans
in Praising Tuxedo Tobacco

THE history of Tuxedo tobacco is unique in many respects. The now famous "Tuxedo process"—by which all the bite and sting is removed from the best old Burley tobacco—was discovered by Dr. R. A. Patterson, a physician of Richmond, Virginia, the founder of the R. A. Patterson Tobacco Company.

Many of Dr. Patterson's friends, because their mouths and throats were so sensitive, were compelled to deny themselves the comfort and satisfaction of pipe smoking. Like all other men, the Doctor realized that complete smoke delight was possible only with a pipe. So he put his scientific mind to work on the problem.

He originated the now famous "Tuxedo process" of treating the mildest, sweetest, most thoroughly aged Burley tobacco—and the result was

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo grew rapidly in public favor without advertising; without any push of any kind, its natural growth reached the stupendous total of fifty or sixty million packages a year. Not until the past few months has it been possible to keep up with the demand for Tuxedo. Now increased facilities make it possible for every man to smoke this best of tobaccos.

Famous Americans in every walk of life smoke and endorse Tuxedo. Our world-famous athletes—the men who triumphed for America at the Olympic Games in Stockholm—are among the thousands who declare that Tuxedo is not only extremely enjoyable, but beneficial.

Tuxedo has many imitators, but no successful one—because no one has yet discovered the "Tuxedo process" that makes Tuxedo the most enjoyable pipe-smoke in the world.
